Where Funds Go

Understand how every dollar raised supports your school, your students, your PE program, and the health.moves.minds. mission.

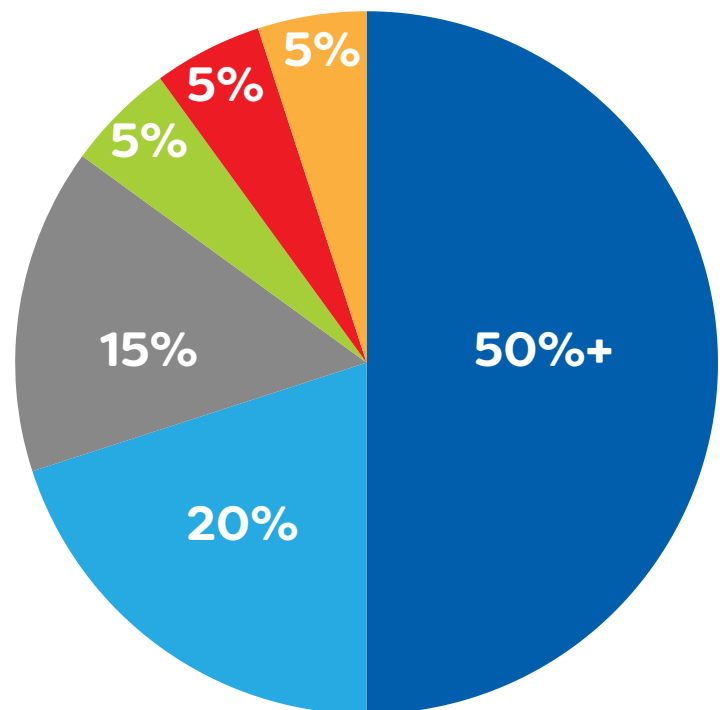

GETTING STARTED

How Funds Are Distributed

Emphasizing Impact on All

The **health. moves. minds.®**, powered by **Booster** fundraiser is designed to benefit schools, teachers and students – while also supporting state health and physical education associations and SHAPE America’s mission. Funds raised not only provide essential cash directly back to your school, but also provide teacher resources, professional support and incentives that make the program successful. Together, this shared investment helps create healthier schools and stronger communities.

- **Back to Your School (50%+)*** – Cash funds your school can use however it chooses
- **Teacher Resources & Incentives (20%)** – Coaching support, fundraising materials, prizes
- **Platform Fees (15%)*** – Often covered by donors so schools keep more
- **PE Teacher Bonus (5%)** – Gopher gift card + \$250 Booster bonus match
- **State Associations (5%)** – Supports professional development & programs in your state
- **SHAPE America (5%)** – Advances national mission & resources

*Schools are likely to receive closer to 60-63% of total funds raised if donors opt to cover platform fees when donating online with the Donors Choose option.
